John S. Howard
Director- FERC Hydro Compliance

October 30, 2012

Kimberly D. Bose, Secretary
Federal Energy Regulatory Commission
888 First Street, N.E.
Washington, DC 20426

Re: Turners Falls Hydroelectric Project, FERC Project No. 1889
Northfield Mountain Pumped Storage Project, FERC Project No. 2485
**Notification of Intent to File an Application for New License and Request for Designation as
Non-Federal Representative**

Dear Secretary Bose:

Pursuant to Section 15(b)(1) of the Federal Power Act, 16 U.S.C. § 808(b)(1), and Section 5.5 of the rules and regulations of the Federal Energy Regulatory Commission (Commission or FERC), 18 C.F.R. § 5.5, FirstLight Hydro Generating Company (FirstLight), a subsidiary of IPR-GDF SUEZ North America, Inc., licensee of the Turners Falls Hydroelectric Project (FERC No. 1889) and Northfield Mountain Pumped Storage Project (FERC No. 2485), encloses for filing the attached Notification of Intent to File an Application for a New License for both facilities. Although individual licenses are currently held for the Turners Falls Project and Northfield Mountain Project and expire on the same date, FirstLight is filing a single Notice of Intent (NOI) for the Turners Falls Project and Northfield Mountain Project. The current licenses for the Turners Falls Project and Northfield Mountain Project expire on April 30, 2018. Concurrently with this filing, but under separate cover, FirstLight is also filing a single Pre-Application Document for the relicensing of the Turners Falls and Northfield Mountain Projects.

In accordance with Section 5.5(e) of the Commission's regulations, 18 C.F.R. § 5.5(e), FirstLight requests to be designated as the Commission's non-federal representative in relicensing the Turners Falls and Northfield Mountain Projects for purposes of consultation under: (1) Section 7 of the Endangered Species Act (ESA), 16 U.S.C. § 1536, and the joint agency ESA implementing regulations at 50 C.F.R. Part 402; and (2) Section 106 of the National Historic Preservation Act (NHPA), 16 U.S.C. § 470f, and the NHPA implementing regulations at 36 C.F.R. Part 800.

As required by 18 C.F.R. § 5.5(c), FirstLight is providing a copy of the attached NOI to appropriate federal and state resource agencies, Indian tribes, local governments, and members of the public likely to be interested in the proceeding, as set forth on the attached distribution list.

FirstLight looks forward to working with the Commission, agencies, Indian tribes, local governments, and members of the public to develop timely license application(s) and supporting records that fully meet regulatory requirements in relicensing the Turners Falls and Northfield Mountain Projects. If you have

any questions regarding the above, please do not hesitate to contact the undersigned. Thank you for your assistance in this matter.

Sincerely,

A handwritten signature in black ink, appearing to read "John S. Howard". The signature is fluid and cursive, with the first name "John" being the most prominent part.

John S. Howard

Enclosure

cc: Attached Distribution List

**UNITED STATES OF AMERICA
BEFORE THE
FEDERAL ENERGY REGULATORY COMMISSION**

FirstLight Hydro Generating Company)

**Project No. 2485
Project No. 1889**

**NOTIFICATION OF INTENT OF FIRSTLIGHT HYDRO GENERATING COMPANY
TO FILE AN APPLICATION FOR A NEW LICENSE FOR
THE TURNERS FALLS HYDROELECTRIC PROJECT AND
THE NORTHFIELD MOUNTAIN PUMPED STORAGE PROJECT**

FirstLight Hydro Generating Company (FirstLight or Licensee), Licensee for the existing Turners Falls Hydroelectric Project (Federal Energy Regulatory Commission [FERC or Commission] Project No. 1889) and the existing Northfield Mountain Pumped Storage Project (FERC Project No. 2485), hereby notifies FERC of its intention to file Application(s) for a New License for each facility.

Pursuant to 18 CFR § 5.5(b) of the Commission's regulations, FirstLight provides the following information:

(1) Licensee's Name and Address:

FirstLight Hydro Generating Company

All communications should be directed to:

Mr. John S. Howard
Director- FERC Hydro Compliance
FirstLight Hydro Generating Company
Northfield Mountain Station
99 Millers Falls Road
Northfield, MA 01360
Tel: 413-659-4489
Email: John.Howard@gdfsuezna.com

Mr. Michael Swiger, Esq.
Van Ness Feldman
1050 Thomas Jefferson Street, NW
Seventh Floor
Washington, DC 20007
Tel: 202-298-1891
Email: mas@vnf.com

(2) FERC Project Numbers:

FERC Project No. 1889 (Turners Falls Project)
FERC Project No. 2485 (Northfield Mountain Project)

(3) License Expiration Date:

April 30, 2018 for the Turners Falls Project and the Northfield Mountain Project.

(4) Statement of Intent:

FirstLight states its intention to file Application(s) for a New License for the Turners Falls Project and Northfield Mountain Project on or before April 30, 2016.

(5) Type of Principal Project Works to be Licensed:

The Turners Falls Project currently consists of the following:

- Two individual concrete gravity dams, separated by an island, called the Gill Dam and Montague Dam. The Gill Dam is approximately 55 feet high and 493 feet long; the Montague Dam is approximately 35 feet high and 630 feet long.
- The Turners Falls Impoundment, a joint-use facility with the Northfield Mountain Project, serving as the lower reservoir for the Northfield Mountain Project. The Turners Falls Impoundment has a surface area of about 2,110 acres and a total volume of about 21,500 acre-feet at full reservoir elevation 185.0 feet mean sea level (msl). The lower reservoir can operate between a minimum elevation of 176.0 feet msl and a maximum of 185.0 feet msl.
- A gatehouse, approximately 214 feet long, which controls flow to the power canal.
- A power canal, approximately 2.1 miles long, and a short branch canal off of the power canal leading to Station No. 1.
- A powerhouse known as Station No. 1, housing five operational turbines and generators having a total nameplate capacity of approximately 5.693 MW, when operating under a head of approximately 43.7 feet, connected to the power canal by a short branch canal.
- At the end of the power canal, a powerhouse known as Cabot Station, housing six turbines and generators having total nameplate capacity of approximately 62.016 MW, when operating under a head of approximately 60 feet.
- Transmission facilities consisting of (i) at Station No. 1, generator leads and a 2.3 kV bus, and appurtenant facilities and (ii) at Cabot Station, generator leads and two 13.8 kV buses for three units each for a total of six units and one 13.8 kV transmission line about 200 feet long and extending across the power canal to the Montague substation, and appurtenant facilities.

The Northfield Mountain Project currently consists of the following:

- An Upper Reservoir consisting of:
 - an impervious-core rock-fill dam. This section of the dam, known as the Main Dam, is at elevation 1,010 feet above msl and is 30 feet wide, with a 2-foot high rock/earthfill wave berm along the upstream edge. The top of the impervious

core is at 1,005.25 feet msl. The core is 12 feet wide with 3:1 (V:H) upstream and downstream slopes. With the crest at 1,010 feet msl, the maximum height of the Main dam is approximately 145 feet and the crest length of the dam and dikes is approximately 11,200 feet.

- A concrete gravity dam, located at the west end of the intake channel, 327 feet long and 10-20 feet high, with a crest elevation of 1,010 feet msl.
- At the maximum design elevation of 1,004.5 feet msl, the upper reservoir contains a gross storage volume of 17,050 acre-feet. The surface area at elevation 1,000.0 feet msl is 286 acres. The useable storage volume of 12,318 acre-feet is between elevation 1,000.5 msl and 938.0 msl.
- A powerhouse currently containing four reversible pump/turbines operating at gross heads ranging from approximately 820 to 758 feet. The total station nameplate capacity is 1,119.2 MW.
- A tailrace tunnel exit and tailrace canal discharging into the Turners Falls Impoundment.
- A lower reservoir, Turners Falls Impoundment, as described above.
- A transmission system as follows: each pair of units is provided with a dual secondary step-up transformer (rated 345/13.8 kV, 666 MVA, 3 phase, 60 cycle) to step from 13.8 kV generating voltage up to 345 kV. Each transformer is located in a vault, excavated in the rock adjacent to the powerhouse. For these two transformers, power is transmitted through two 345 kV pipe type cables, installed in the access tunnel, to the Northfield Switching Station, which is located near the access tunnel.

(6) Location of Turners Falls Project and Northfield Mountain Project:

The structures associated with the Turners Falls Project are located in the towns of Montague and Gill, MA. The Turners Falls bypass (Connecticut River) flanks the towns of Greenfield and Montague, MA. The Turners Falls Impoundment borders several towns including Gill, Montague, Northfield, and Erving, MA, with upper portions extending into Vernon, VT and Hinsdale, NH.

The structures associated with the Northfield Mountain Project are located in the towns of Northfield and Erving, MA.

(7) Installed Plant Capacity:

Total Capacity of Turners Falls Project: 67.709 MW (nameplate)

Total Capacity of Northfield Mountain Project: 1,119.2 MW (nameplate)

(8)(i) The names and mailing addresses of every county in which any part of the Turners Falls Project and Northfield Mountain Project is located, and in which any federal facility that is used by the Turners Falls Project and Northfield Mountain Project is located are:

Franklin County government in MA was abolished on July 1, 1997, although the county continues to exist as a geographical and political entity. County-wide comprehensive planning responsibilities are undertaken by the Franklin Regional Council of Governments (FRCOG),

whose purview includes land use, transportation, economic development and natural resource planning. The FRCOG's offices are located at:

The Franklin Regional Council of Governments
425 Main Street
Greenfield, MA 01301

Upper portions of the Turners Falls Impoundment extend into the following VT and NH counties:

Windham County
P.O. Box 784
Brattleboro, VT 05302

Cheshire County
Administration
33 West Street
Keene, NH 03431

- (8)(ii)(A) The names and mailing addresses of every city, town or similar political subdivision in which any part of the Turners Falls Project and Northfield Mountain Project is (or to be) located and any federal facility that is (or is to be) used by the Turners Falls Project and Northfield Mountain Project is located:

Town of Erving
12 East Main Street
Erving, MA 01344

Town of Gill
325 Main Street
Gill, MA 01354

Town of Greenfield
14 Court Street
Greenfield, MA 01301

Town of Montague
1 Avenue A
Montague, MA 01376

Town of Northfield
69 Main Street
Northfield, MA 01360

Town of Vernon
567 Governor Hunt Road
Vernon, VT 05354

Town of Hinsdale
Town Hall
11 Main Street
Hinsdale, NH 03451

- (8)(ii)(B) The names and mailing addresses of every city, town, Indian tribe, or similar local political subdivision that has a population of 5,000 or more people and is located within 15 miles of the Turners Falls Project and Northfield Mountain Project dams are:

The following cities and towns each have a population of 5,000 or more people (2010 census data) and are located within 15 miles of the Turners Falls Project and Northfield Mountain Project dams:

Town of Amherst (population: 37,819)
Town Clerk
Town Hall
4 Boltwood Avenue
Amherst, MA 01002

Town of Athol (population: 8,265)
Town Clerk
584 Main Street, Suite 10
Athol, MA 01331

Town of Brattleboro (population: 7,414)
Town Clerk
230 Main Street, Suite 108
Brattleboro, VT 05301

Town of Deerfield (population: 5,125)
Town Clerk
8 Conway Street
South Deerfield, MA 01373

Town of Greenfield (population: 17,456)
Town Clerk
14 Court Street
Greenfield, MA 01301

Town of Hadley (population: 5,250)
Town Clerk
100 Middle Street
Hadley, MA 01035

Town of Montague (population: 8,437)
Town Clerk
One Avenue A
Turners Falls, MA 01376

Town of Orange (population: 7,839)
Town Clerk
6 Prospect Street
Orange, MA 01364

- (8)(iii) The names and mailing addresses of every irrigation district, drainage district, or similar special purpose political subdivision (A) in which any part of the Turners Falls Project and Northfield Mountain Project is located, and any Federal facility that is or is proposed to be used by the

Turners Falls Project and Northfield Mountain Project is located, or (B) that owns, operates, maintains, or uses any Turners Falls Project and Northfield Mountain Project facility or any Federal facility that is or is proposed to be used by the Turners Falls Project and Northfield Mountain Project:

There is no irrigation district, drainage district, or similar special purpose political subdivision in which any part of the Turners Falls Project and Northfield Mountain Project is located or that owns, operates, maintains, or uses any project facility.

- (8)(iv) The names and mailing addresses of every other political subdivision in the general area of the Turners Falls Project and Northfield Mountain Project that there is reason to believe would likely to be interested in, or affected by the notification are:

There is no other political subdivision in the general area of the Turners Falls Project and Northfield Mountain Project that there is reason to believe would be likely to be interested in, or affected by, this notification.

- (8)(v) The names and mailing addresses of potentially affected Indian tribes:

Federally recognized tribes in Massachusetts include:

Wampanoag Tribe of Gay Head (Aquinnah)
20 Black Brook Road
Aquinnah, MA 02535-1546

Mashpee Wampanoag Indian Tribe Council
P.O. Box 1048
Mashpee, MA 02649

There are no federally recognized tribes in New Hampshire or Vermont.

There are no state recognized tribes in Massachusetts or New Hampshire. There are two Vermont state-listed tribes as well as other tribes that may potentially be interested in the relicensing as listed below:

Nulhegan Abenaki Tribe
158 Whiting Lane
Brownington, VT 05860

Elnu Abenaki Tribe
Robert Longtoe Sheehan
Tribal Headquarters
5243 VT Route 30
Jamaica, VT 05343

Stockbridge-Munsee Community
N8476 Moh He Con Nuck Road
P.O. Box 70
Bowler, WI 54416

Narragansett Indian Tribe
P.O. Box 268

Charlestown, RI 02813

All correspondence and service of documents relating to this NOI and subsequent proceedings should be addressed to:
